
Bug-O Gantry / Side Beam Automatic Welding Systems

BUG-O SYSTEMS

Operator Controlled Mechanization
1-412-331-1776 www.bugo.com

Bug-O Systems is committed to empowering our customers by providing operator controlled mechanized solutions for their welding, cutting and custom applications.

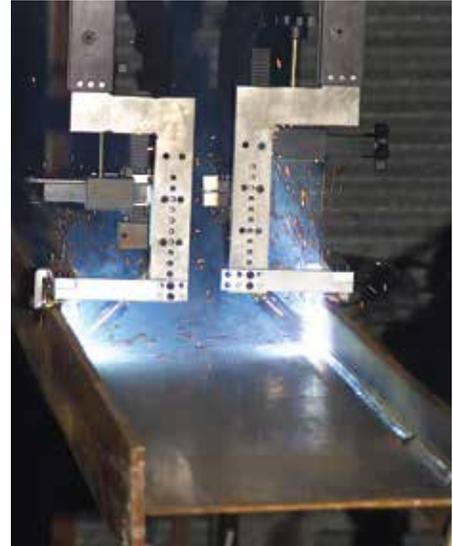

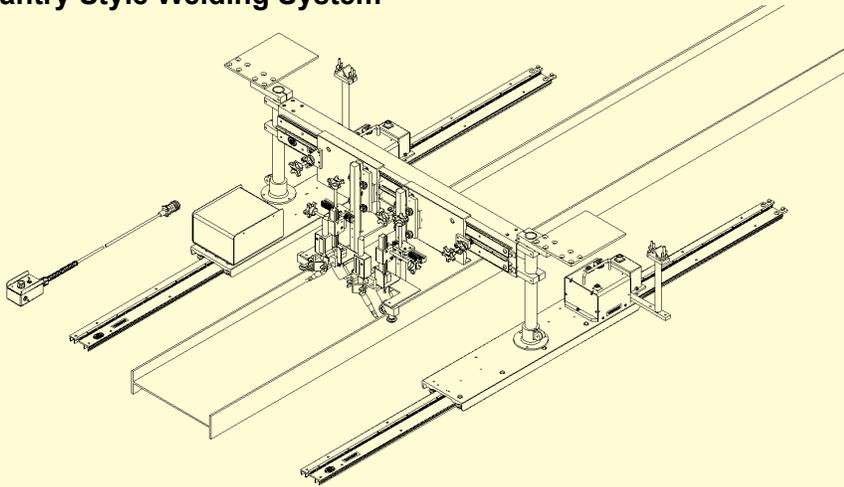

Bug-O Gantry / Side Beam Automatic Welding Systems

Bug-O Gantry and Side Beam Units are custom designed assemblies that are used in a variety of applications such as automated seam welding, beam and stiffener fabrication as well as cutting applications such as stripping and edge preparation. A wide range of gantry and side beam carriage designs are available and can be used to suite a specific application. Systems are available in programmable or manually operated versions. Consult your Bug-O distributor for more information.

Gantry Style Welding System

Mechanical torch tracking devices maintain proper torch position.

Side Beam Welding System
