

PCC-1

Pipe Coupon Cutting Machine

* Torch Not Included

The **PCC-1 Pipe Coupon Cutting Machine** is used for cutting pipe to a desired length or for beveling the edge of a pipe for weld prep. The machine features a self centering speed chuck capable of gripping 0-8" O.D. pipe and 3-11" I.D. pipe. A racking group supports your plasma or oxy-fuel torch which can be setup for square or beveled cuts up to 12" in length. The variable speed control on the PCC-1 can be adjusted from 1-6 rpm. A rotary ground is included on the plasma version and a quick action manifold is supplied on the oxy-fuel version. The PCC-1 is available in both 110 volt and 240 models.
